

## **SUEUA UPDATES: Week 5 & 6**

The current isolation we are all going through has left its mark on SUEUA. As the numbers in PNR dwindle and your email inbox fills up with Zoom invites, SUEUA has unfortunately had to postpone all of our upcoming events. Until the pandemic is contained, it is important that not only are we staying healthy and well, but we are also doing our part to protect those around us from the risks. Although this is a very trying time, SUEUA is working hard to maintain the morale of our beloved members, and we are very excited to share some of our new initiatives that will make your self-isolation a little bit brighter.

Remember our motto during these difficult times:

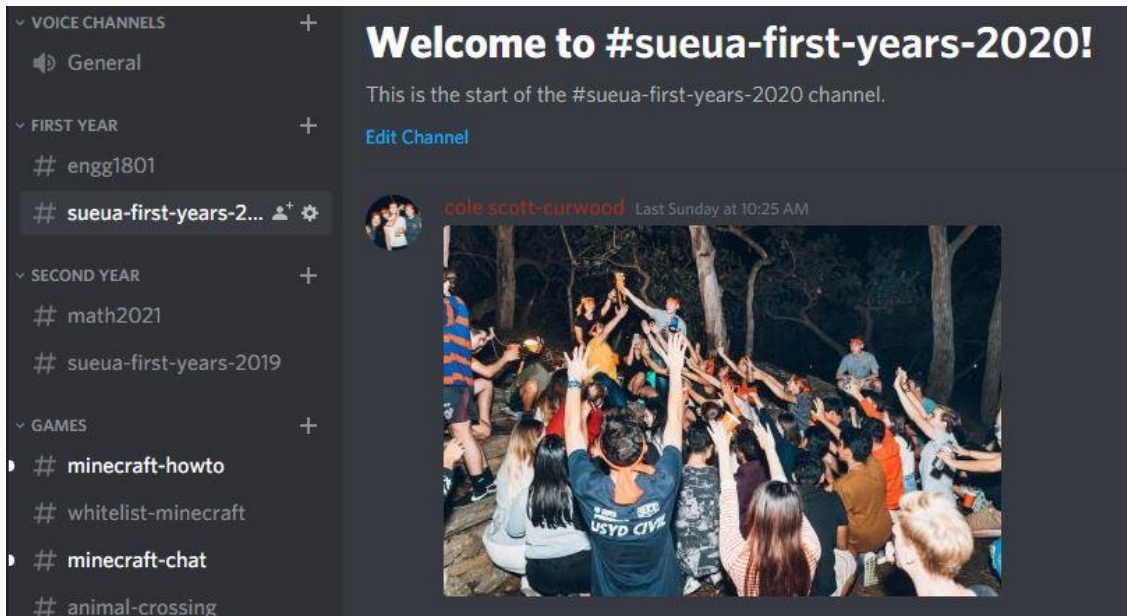

Perseverantia Et Industria

"Perseverance and Hard Work"

Things that are now happening!

**Official SUEUA Discord**

If isolation has you feeling a little lonely and sad because you're away from all your friends, we would love to welcome you into the new SUEUA discord! Whether you want to pop in for a quick chat, get some academic advice from older years who have done it all before, or play some games with a group (perhaps Animal Crossing or Minecraft), we would love for you to join our Discord! Link to join: <https://discord.gg/2sBweEs> Ps: this will be a great place to share memes.

## Minecraft Server

If you can't be with friends in real life, then roaming the realms of Minecraft alongside them is surely the next best thing. Even if gaming is not your favourite pastime, SUEUA has set up a virtual way to enjoy some company (and some civil engineering). Between Zoom tutorials and study, consider joining us for some on Minecraft. Access to the server can be gained by joining our discord and following the instructions on the Minecraft channel. (Thank you Steve for your architectural additions to SUEUA's minecraft world, as seen below).

## **Interfac Workouts - On Zoom!**

Yes, we know. You were just planning on going to the gym for the first time in ages - and then it shut down. However, there will be no time for excuses because our Interfaculty Sports Reps have been organising group workouts to take place on Zoom, so that we can all keep active in the comfort of our own homes. You can find more information by checking out the event on Facebook: <https://www.facebook.com/events/332090827748613/>. It's this Wednesday morning, so prep your sports gear and get ready to sweat!

## **SUEUA Centenary Gala Committee**

While all our social events have been postponed for the time being, SUEUA is looking towards the future at the biggest event our society has ever seen: The SUEUA Centenary Gala! It won't be this year, but this once in a lifetime event is going to take a huge amount of organisation, which is why we are calling on you to join a group committed to making this the best event in SUEUA history! More information on the roles and how to apply to them can be found on our Discord server.

Past Events

## Interfac Sport First Years Gala Day

Thank you to all the first years who showed up to the Interfaculty Sport gala day! It was great to see so many new faces of engineering, and to show off our brand new shirts. Although we are sad that our Wednesday mornings won't be full of friendly competition, SUEUA's interfac sports reps are going to keep you fit via their Zoom Workouts so that when interfac sport starts up again, we are ready to win!

## AMME Industry Night 2020

Another year, and yet another successful AMME Industry night ran by MUGS, SUMO, SparkSoc and AIAA. This night of networking and making connections is the gateway for many students to find their next job, or their next internship.

## SAS

So - SAS offers a FREE certification program, the SAS Certified Young Professional Program. Why should I care? A massive study confirms what thousands of employers already know: SAS® analytics skills are the most valuable skills a graduate can bring to the job market. Of all skills considered by employers, the independent Money & Payscale report found SAS to be worth the most in terms of salary.

Want to know more about this report? Head to [https://www.sas.com/en\\_ca/news/press-releases/2016/may/money-magazine-sas-skills.html](https://www.sas.com/en_ca/news/press-releases/2016/may/money-magazine-sas-skills.html)
